CUSTOM CASES

Whether you require hard-sided cases with custom foam interiors or soft-sided cases with your company logo and colors, we can help.

Custom Foam Interiors

Make sure your equipment is protected during transport. We customize case interiors with a variety of foams, including polyester and polyethylene. Let our Case and Foam experts help you design the right solution for your environment. Our knowledge of Case and Foam Systems is unsurpassed.

Custom Cases - Soft

Our sewn soft custom cases and bags are made from any number of quality materials from ballistic nylon and DuPont Cordura™ to canvas and PVC. We make padded cases for transporting, carrying or demonstrating your items.

Custom Cases - Hard (Molded Plastic)

We offer thermal formed custom cases (vacuum formed), injection molded cases, rotationally molded cases and blow molded custom cases. Choose from our stock case sizes, or we can design a case to meet your exact specifications.
